- Hygienic allergy reducing floor
- Can be used in conjunction with noise reducing underlay

There's no easier way to add some contemporary charm to your home than with our durable, in-house designed, cost effective range of laminate flooring. Choose from six timber effect designs to transform your home quickly and easily.

Elka's laminate range is of superior quality, made in Europe and is readily available. Designed to look great and last the distance, we apply strict standards to each board. This ensures maximum strength and a flawless, warp-free finish, that makes it look every bit as beautiful as a natural wood floor.

The advanced v-groove helps to create a look that reflects the natural qualities of wood flooring.

The range features the superior Uniclic® tongue and groove click system. Its glue-free installation process makes it fast and easy to lay or re-lay your floor, meaning you can even take it with you if you move house. Each board locks together securely, ensuring a seamless joint that won't allow dust or dirt to gather. With the Uniclic® system, it means you can enjoy a quality installation for years to come.
